CWM GROUP SDN BHD / CIPTA WAWASAN MAJU ENGINEERING SDN BHD

WHISTLEBLOWING POLICY AND PROCEDURES

Objective

Whistleblowing is an important aspect of an accountability and transparency mechanism to enable personnel or business associates of CWM Group Sdn Bhd (**"the Company"**) and Cipta Wawasan Maju Engineering is collectively referred to as **"CWME"** (also referred to as "The Group") and members of the public to voice concerns in a responsible and effective manner.

It is a fundamental term of every contract of employment that a personnel of CWME will faithfully serve his or her employer and not disclose confidential information about the employer's affairs. Nevertheless, where the whistleblowers discover information which they believe shows serious malpractice or wrongdoing within the organisation then this information should be disclosed internally without fear of discrimination or harassment.

The Whistleblower Protection Act 2010 ("the WPA")

"An Act to combat corruption and other wrong doings by encouraging and facilitating disclosures of improper conduct in the public and private sector, to protect persons making those disclosures from detrimental action, to provide for the matters disclosed to be investigated and dealt with and to provide for other matters connected therewith."

Essentially the WPA gives legal protection to a whistleblower against being dismissed or penalised by their employers as a result of disclosing serious concerns. The provisions of the WPA are to ensure that no whistleblower should feel at a disadvantage in raising legitimate concerns.

It should also be emphasised that this policy is intended to assist the whistleblowers who believe they have discovered malpractice or impropriety. It is **not designed** to question financial or business decisions taken by CWME nor should it be used to **reconsider any matters which have already been addressed** under harassment, complaint, disciplinary or any other procedures. Once the "whistleblowing" procedures are in place, it is reasonable to expect employees to use them rather than air their complaints outside CWME.

Definition

- | | | |
|---------------------|---|---|
| Top Management | : | Refers to highest level of management within CWME, who hold ultimate responsibility for approving the ABMS Policy, including Whistleblowing Policy and overseeing its effectiveness |
| The Committee (ABF) | : | Refers to the Anti-Bribery Function, comprising Heads of Departments (HODs), responsible for the administration, implementation, monitoring and review of this Policy. |

Scope of Policy

- Any of the following persons ("whistleblower") can make a report to CWME of any malpractice or impropriety: all personnel in CWME, which refers to directors (both executive and non-executive), employees (including permanent, part-time and contract employees);
- all business associates which are external parties such as customers, suppliers, contractors and other stakeholders who may have a business relationship with CWME; and
- members of the public.

This policy is designed to:

- Support our values;
- Ensure whistleblowers raise concerns without fear of retribution, and
- Provide a transparent and confidential process for dealing with concerns

This policy covers not only possible improprieties in matters of financial reporting, but shall also include the following:

- Financial malpractice or impropriety or fraud
- Failure to comply with a legal or regulatory obligation
- Health and safety, or the environment
- Criminal activity
- Bribery and corruption acts
- Improper conduct or unethical behaviour
- Serious conflict of interest without disclosure
- Any other serious improper matters which may cause financial or non-financial loss to CWME or damage to CWME's reputation
- Concealment of any of the above.

Principles

- All genuine concerns raised will be treated fairly.
- Harassment or victimisation of any whistleblower raising a genuine concern will not be tolerated.
- The identity of the whistleblower making the disclosure will be kept confidential unless he/she agrees otherwise, or the circumstances demand otherwise.
- Will ensure that the whistleblower is aware of who is handling the matter.
- Will ensure that no one will be at risk of suffering any retribution as a result of raising a concern, even if the whistleblower is mistaken. However, this assurance will not be extended to someone who maliciously raises a matter that is known to be untrue.

Safeguards

i. Protection

This policy is designed to offer protection to those whistleblowers who disclose such concerns provided the disclosure is made:

- in good faith; and
- in the reasonable belief of the whistleblowers making the disclosure that it tends to show malpractice or impropriety and if they make the disclosure to an appropriate person (see below).

ii. Confidentiality

CWME will treat all such disclosures in a confidential manner. The identity of the whistleblower making the allegation may be kept confidential so long as it does not hinder or frustrate any investigation. However, the investigation process may reveal the source of the information and the whistleblower making the disclosure may need to provide a statement as part of the process or evidence required.

In the event CWME is faced with a circumstance where the identity is to be revealed, CWME will endeavour to discuss this with the whistleblower first.

Should the whistleblower choose to disclose his/ her identity either internally or externally/publicly, CWME is no longer obligated to maintain the confidentiality of the whistleblower.

iii. Anonymous Allegations

This policy strongly encourages whistleblowers to put their name to any disclosures they make. However, whistleblowers may remain anonymous, if they choose to do so. Anonymous whistleblowers are encouraged to provide an email address or other contact information to facilitate proper investigation.

Whistleblowers are advised to provide sufficient information to enable CWME to conduct investigation. Additionally, the factors to be taken into account will include:

- The seriousness of the issue or concern raised
- The credibility of the concern
- The likelihood of confirming the allegation from attributable sources.

iv. Untrue Allegations

If a whistleblower makes an allegation in good faith, which is not confirmed by subsequent investigation, no action will be taken against that individual. In making a disclosure the whistleblower should exercise due care to ensure the accuracy of the information. If, however, the whistleblower makes malicious or vexatious allegations, and particularly if he or she is an employee and persists with making them, disciplinary action may be taken against that employee.

How to Raise a Concern or Provide Information

Whom to report to:

You may report to any of the following: cwme.abcf@gmail.com

How to make a report:

- Concerns or information are preferably raised or provided in writing via email. Ideally, CWME recommends any report to be detailed in setting out the background and history of events and the reasons for your concern. Reports should be submitted via the CWM Whistleblower Report Google Form, accessible through this link - <https://forms.gle/BpRrahWvzCuV7kj99>. Email address is not collected or tracked when the Google Form is submitted - anonymity is preserved.
- Alternatively, you may send your duly completed Whistleblower Report Form by mail to the following address:

Anti-bribery Function (ABF)
CWM Group Sdn Bhd
Lot 12, Persiaran Kemajuan 16/16
40200 Shah Alam
Selangor

Investigating Procedure

The investigation process will be as follows:

- Full details and clarifications of the complaint should be obtained.
- Depending on the type / nature of the reported case / raising concern, the Committee (ABF), as authorized by Top Management, is responsible for forming an independent investigating panel which may consist of the relevant business division / personnel best placed such as Head of Dept. to address the reported issue.
- The investigating panel should inform the subject(s) against whom the complaint is made as soon as is practically possible. The subject(s) will be informed of their right to be accompanied by a trade union or other representative (where applicable) at any future interview or hearing held under the provision of these procedures.
- The allegations should be fully investigated by the investigating panel with the assistance where appropriate, of other individuals / bodies.
- A finding concerning the complaint and validity of the complaint will be made by the investigating panel. This finding will be detailed in a written report containing the findings of the investigations and conclusion of the finding. The report will be passed to the Committee, as appropriate.
- The Committee will decide what action to take. If the complaint is found to be valid, disciplinary or other appropriate Company procedures will be invoked.
- The whistleblower will be kept informed of the progress of the investigation, if appropriate, and of the final outcome.

If the whistleblower is not satisfied that his/her concern is being properly dealt with by the investigating panel, he/she has the right to raise it in confidence with the Committee or one of the designated persons described above.

What happens after the investigation is completed?

- The findings of the investigation(s) will be communicated to the Committee for any necessary action.
- The investigating panel will communicate the conclusion of all findings to the whistle blower as a matter of policy, for closure.
- For anonymous reporting, conclusion of the findings and actions will be published in the company website for closure.

Safe keeping of Records

- All concerns received in writing via the above-said channels together with the relevant investigation documents will be retained by CWME for a minimum period of 7 years.
- All reports, supporting evidence, findings of investigations and monitoring of corrective actions shall be maintained and monitored by CWME.

Oversight and Ownership of Policy

- The Committee has overall responsibility for this Policy and shall oversee the implementation of this Policy.
- The use and effectiveness of this Policy shall be regularly monitored and reviewed by the Committee, who is the owner of this document and shall be responsible for incorporating any amendments and updates into this document, obtaining the approval of the Committee Chairman for such amendments and updates and disseminating the same to the relevant parties.
- CWME will review this policy to assess its effectiveness, as and when required.
